

***** Over the past 21 years, we have appeared as vendors at many venues, given presentations to numerous clubs and organizations (both on and off site), hosted bus tours, have been guest speakers at seminars in the USA and Canada, and of course welcomed visitors to our Nursery & Display Garden.**

***** One thing in common with all these activities, we had some promotional handout or ad copy available, where potential customers could save on a future purchase.**

***** It can be challenging coming up with various promotions, an effort to peak interest in visiting, because once someone enters the grounds, the daylilies sell themselves. Of course, we would still honor any valid coupons and such, even if they turned up from years ago, still floating around.**

***** Today we have discontinued or limited our participation with some of those activities, choosing to focus instead on encouraging new potential guests to come here to enjoy what we have to offer, as well as rewarding those long time and loyal customers, who have supported us over these many years, and bring friends and family with them. We've evolved over these two decades, to accommodate changes in our own personal life, yet still dedicated and focused in providing and presenting a special and unique experience for our guests; plus providing daylilies to enhance their daily lives as well.**

***** Currently there are only three active promotional programs available, for those looking for savings when it comes time to spruce up the gardens and landscape.**

1 - Our special five event series "Sunday In The Garden", where there is always a fixed discount available to guests, as well as additional savings offered which can vary yearly. For instance, we're looking forward to our 50% Off promotion on select cultivars, from a unique group of hybridizers, with over a new selection of over 100 presented at each event. Information about this year's series is available here on the website, and on Facebook as well. Please note that these are "Private Events", available by invite or pre-registration.

2 - Join our private Facebook Group. After acceptance, each member is eligible to request a "Welcome Certificate", which affords them a single use special discount offer. If you're interested in joining, here is the direct link: <https://www.facebook.com/groups/270133113983147>

3 - Our newest, and we believe our best program going forward, is our "Customer Rewards" program. Not only do members have a fixed discount available year over year, they also have indexed discounts available, which gives those who signed up, a chance to acquire a range of daylilies to fit any budget; in some cases premium cultivars, they otherwise might pass on. There is no cost to join, and all we request is some basic information, so we can better communicate with our customers in future years.

Applications to join are available at the event, but also available on the website; bring your completed application to any one, and it's your ticket to enjoy all of them.
